CLOVER® FOR BARS & NIGHTCLUBS 🍸

Imagine an innovative, yet simple to use point of sale solution you don't have to "keep tabs" on. Clover® easily manages all of your needs, from mobility via tablets and splitting tickets to opening tabs and more. Plus, Clover's compact design eliminates clutter, leaving more room for your patrons to pull up a seat at the bar.

Electronic Payments offers a selection of equipment packages to fit your needs. Let us help you select the hardware and software options that will maximize your business's profits!

MANAGE EMPLOYEES

Assign security privileges by employee and closely manage system functions and features.

BAR TABS APP

Use the bar tabs app feature to run a customer's card for a pre-determined amount to eliminate post-sale card declines.

CUSTOM TICKETS

Open a tab by swiping a customer's credit card and name the ticket to easily identify a guest check. View all open tickets and reassign tickets by location or server.

TABLE SERVICE

Use Clover Flex to take orders tableside, indoors or out—improving service levels in all types of venues.

RECORD TIPS

Record and adjust tips by server and shift before running a final tips report.

CREATE A REWARDS PROGRAM

Use one of the loyalty apps to create a frequent guest program for your most profitable product categories such as craft beers or cocktails.
