

# Optimize Your Restaurant's Inventory with Tonic POS

Every Tonic POS system is meticulously crafted to align with the unique needs of each merchant. Whether you run a bustling diner or an intimate cafe, our inventory solution is your partner in success.

## Vendor Management

Easily connect with your suppliers, compare prices, and place orders directly through the system.

## Detailed Reporting

Get insights on inventory trends, usage rates, and order histories to make informed decisions.

## Automated Restocking

Set trigger levels and never run out of key ingredients or face overstock situations.
